Raleigh General Hospital, a 300 licensed bed hospital, is the largest private employer in southern West Virginia. We have a long and distinguished history of involvement with local causes and charities. We believe we have an obligation to support and sustain our community. With more than one thousand employees, one hundred twenty five volunteers and nearly two hundred physicians, we are able to channel our strengths and have a significant impact on local people and events. In doing so, we accomplish our Service Theme of "We Touch Lives."
